

A FUTURE FULL OF HOPE and the Synod

Our use of technology

Thoughts from the Prep Document:

‘While technology has, for some, strengthened our relationships, for many others it has taken the form of an addiction, becoming a replacement for human relationship and even God. Regardless, technology is now a permanent part of the life of young people and must be understood as such.’

‘The impact of social media in the lives of young people cannot be understated. Social media is a significant part of young people’s identity and way of life.’

‘Despite living in a hyper-connected world, communication among young people remains limited to those who are similar to them. There is a lack of spaces and opportunities to encounter difference.’

‘Often, young people tend to separate their behaviour into online and offline environments. It is necessary to offer formation to young people on how to live their digital lives.’

A FUTURE FULL OF HOPE and the Synod

Our thoughts:

What do you use Social media for?

Is there anything you could do to make better use of Social media to help others?

Does being a Christian influence the kind of posts I make public?
