

Synod Prayer

Wednesday 17th October – The Joy of Faith

Lord Jesus Christ, You have lived our life and continue to live in the life of Your Church. You know our joys and our sorrows, You show us that true happiness comes from serving you and serving our neighbour.

When we feel anxious, or lonely, or in difficulty, help us to remember that You are with us, present in the family of Your Church. When we feel isolated or dejected help us to find our joy again through the life of Faith to which You call us.

Let us always have the courage and the care to reach out to those who need the joy, the companionship, and the love that come from trusting in You.
